Harriet Hollister Spencer Memorial Recreation Area - Honeoye, NY

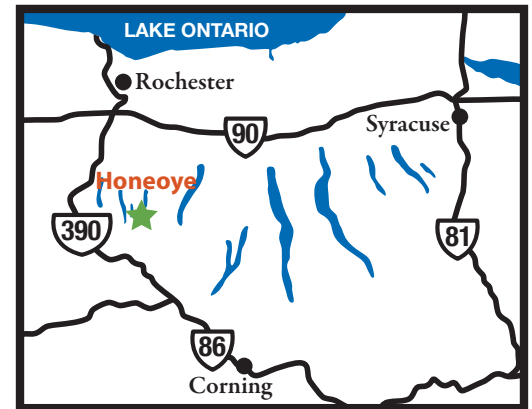

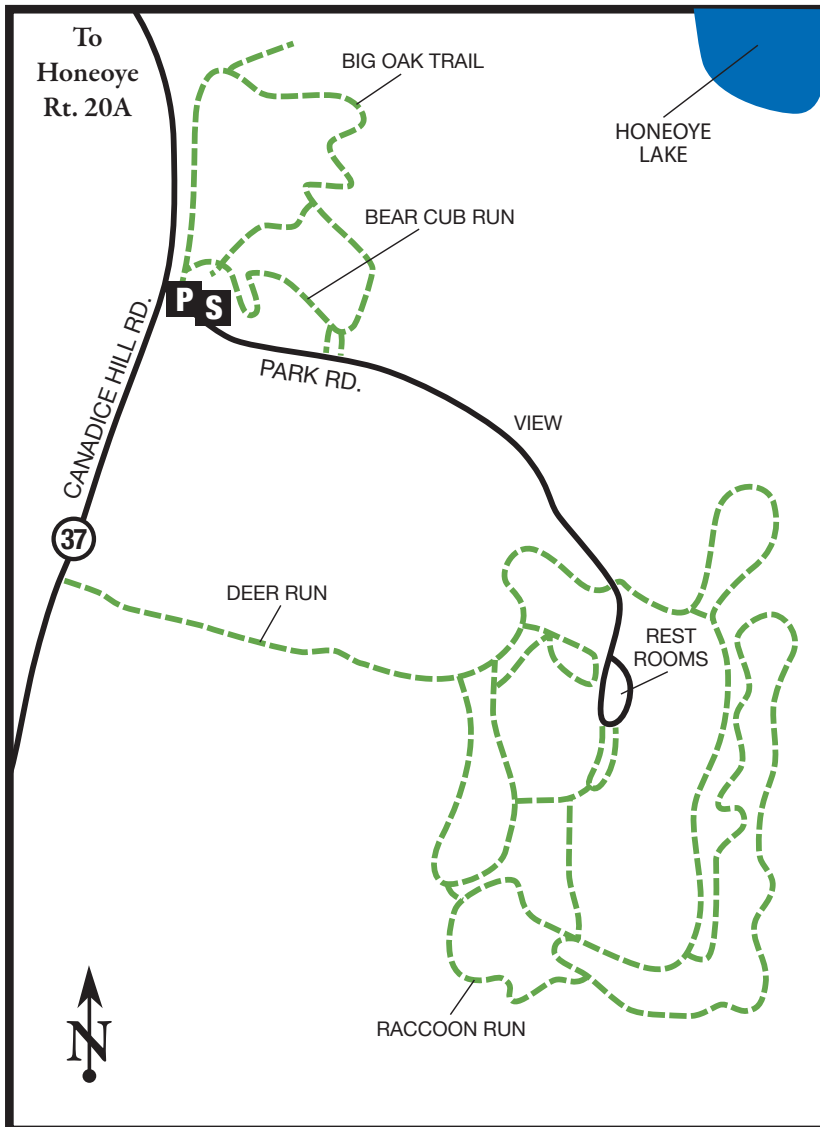

Distance 16 miles

Difficulty ★ ★

High in the hills between Canadice and Honeoye Lakes, you will enjoy spectacular views of Honeoye and the Rochester skyline. It's a great winter locale with more snow than surrounding areas due to the higher elevation and maintained and groomed trails all winter long. With 16 miles to explore you'll want to hike this one often. Pack up the family, stay a few days in nearby Canandaigua and discover one of the many jewels of the Finger Lakes.
