

62 Gorham's Lakeviews and History Gorham, NY

Distance 35.7 miles

Difficulty ★
to ★ ★

Enjoy the town of Gorham's scenic views of Canandaigua Lake, rolling open countryside and the rural atmosphere steeped in history. This 26 mile tour starts with an incline out of Finger Lakes Community College (FLCC) then levels off for most of the trip. Several historic cemeteries are along the route for those interested in genealogy. Moving up and down the lakeside hills, the route covers a good portion of rural land. There are two lakeside parks and a conservation area along the route for rest, relaxation and conversation. A small hill ride downhill delivers you alongside the lake where you should use caution in sharing the road with cars and walkers. Bring your camera as you travel along and snap the interesting architecture, the great agricultural sites, spot some wildlife and catch great views of the lake.

Note: This route can be shortened and hills eliminated by continuing on Middle Rd. to County Rd. 1 and then following East Lake Rd. back to FLCC.
